

Raymond Recorder

Town Council In Lengthy Session

The Town Council held a four hour session Thursday night with all members of the Council present. The minutes of the last two meetings were read and approved.

Mr. Planche of the Calgary Power was present, and the Council spent an hour and a half discussing the details of the franchise with him. There were a number of considerations that the Council wanted in the franchise and because no definite decision could be reached, the matter was tabled for a month, and Mr. Planche asked to attend the next regular meeting.

F. B. Rolfsen was present asking the Town to give the irrigation district a letter to the effect that the Council was willing for the District to increase the storage capacity south of town, so long as the rights of the town were protected. This was granted, and the Mayor was delegated to accompany the Irrigation District representative to Edmonton to take the matter up with the Provincial authorities.

A by law licensing bicycles and forbidding their being ridden on sidewalks was passed, and the reports and payroll were also passed and the payroll ordered paid. Meeting adjourned at slightly after 12 o'clock and a special meeting was called for Tuesday night to consider the Doctor's contract.

NEWS NOTES

C. F. Howard, C. N. R. brake man of Melville, Sask., was instantly killed in the round house at Regina, Sask., Saturday night, when he fell beneath a locomotive in the roundhouse that was being put away after a run.

Frank 'Bring 'em Back Alive' Buck, was in hospital last week end suffering from a kick on the shin by a tame horse. Braving the dangers of the most ferocious jungle beasts of Africa and South America, he was put in hospital by a tame and quiet horse.

THE W. I. HOLDS MEETING

The W. I. November meeting was held on the 12th, at the home of Mrs. M. P. Allred, there were 23 ladies present. The program was in honor of Remembrance Day. A two minute silence was followed by a poem by Mrs. G. Holmes. A short paper on "Peace" by Mrs. D. Paxman and Mrs. M. Holmes sang two solos.

Comments and opinions on the "Outlook for Peace" by Mrs. Kirkham, poem on sugar by Mrs. J. Fisher, Reading by Mrs. C. Nilsson, Theme song, "Smile a while" led by Mrs. Tollestrup, after which a half hour social in honor of Mrs. Tollestrup the retiring chorister, Mrs. Paris on behalf of the W. I. presented Mrs. Tollestrup with a small token.

A letter was read from Mrs. P. Webster who is visiting in LaGrande, Ont.

The door prize donated by Mrs. Leavitt was won by Mrs. Fisher.

The meeting closed by singing the National Anthem after which luncheon was served by the Hostess.

The December meeting will be held at the home of Mrs. C. Nilsson.

HISCHOOL THROUGH A KEYHOLE

(By Denton Young Brewerton)

"Your announcer is James Wilson;

Tonight from our studios in the Security Building, Raymond we bring to you "Brew" Young, Hi-school commentator who will gossip about the gossip at Hi school.

This program will be brought to you weekly by that company that wishes to reduce your worries, The Skinner Reducing Machine Company.

LADIES:

Are you worrying about keeping your weight down? Do you feel insulted every time you go to sit on your husband's or boy friends knee and he quickly stands up and gently pushes you into the chair. I know how you feel, when without a word of apology, he sits on your knee. Ladies, if you do not want this to happen, remember to purchase a Skinner Reducing Machine, the next time you are down town.

Now for "Brew" Young the Hi-school commentator. "Take it away Brew."

"Thank you Jimmie, hello Mr. and Mrs. Raymond Alberta this is "Brew" Young speaking and ready to look at the Raymond Hi-school through a Keyhole—

FLASH:

We are now convinced that Bert Powelson is that way about Alice Card. But there is one thing that troubles Bert. Alice states that her dream man must be handsome and muscular like Tarzan, this does not worry Bert in the least. The only thing he is afraid of is catching cold. He thinks it is too cold to run outside with just a leopard skin covering his boy.

FLASH:

Kathleen Hagne just loves to hear Tommy Hyslop of Lethbridge, singing that refrain, "Waiting at the Gate for Katy." Don't be rude Kathleen, give the boy a break and invite him in. Maybe he is cold.

FLASH:

Rosemary Wood and Bird Mendenhall have started something at school. They sit all day in class, knitting themselves sweaters. Bird pretends it is a race. She sees if she can chew gum as fast as she can knit. Usually the gum is the winner by a stretch. I wonder if you girls would be more comfortable, if Mr. Redd installed some rocking chairs in the school.

This concludes my column for tonight. Good night and "I'll be seeing ya."

"Thank you Brew, Ladies and Gentlemen this concludes our program for tonight. Your announcer has been James Wilson. This is station R.A.C. wishing you good night and a happy and pleasant week.

SUBSCRIBE to the RECORDER

Herb McGee, editor of the Hume Herald, and Secretary of the Alberta Press Association had his right leg amputated six inches below the knee last week in an effort to stop the spread of an infection which started in his big toe on the right foot more than a year ago. Editors everywhere join in wishing "Herb" a speedy and complete recovery.

Mrs. Ellen Ralph Passes Away

Mrs. Ellen Ralph, aged 73 years, passed away at St. Michael's Hospital Lethbridge early this morning (Friday) from blood poison, which started from a very slight scratch or sliver on one of her fingers. The local Doctor was called Monday, and the trouble treated here until Wednesday when she was taken to the Hospital and all possible was done for her but without avail.

Her husband passed away 13 years ago, and since that time some of her boys have lived at home and taken care of their mother and operated the drayage business which their father started. Left to mourn early this morning (Friday) are the five boys: George, Fred, John, Albert and Sydney. Funeral arrangements are not announced as yet.

Mrs. Ralph was a very lovable woman, of quiet and unassuming disposition, and of late years had not been getting out a great deal, although enjoying good health. She will be missed by a wide circle of friends and the sympathy of the community goes out to the boys in the loss of their dear mother.

Farewell Testimonial Mr. and Mrs. Leech

The Second Ward will be the scene of a farewell testimonial for Dr. and Mrs. G. W. Leech next Monday evening, at 7 p.m. when the Rotary Club of Raymond will sponsor the program following the regular luncheon. The local Board of Trade, Athletic Association and Vets, will also join in the evening with their partners and the Rotarians and Rotary Anns of Lethbridge and Cardston will also be guests of the local Club for the evening.

The fact that Dr. Leech has been actively associated with all of the above organizations during his residence in Raymond has given this opportunity of all of the associations of the Town joining in this farewell and testimonial. As chief officer of the Board of Trade, Athletic Association and Vets, and present President of the Rotary Club, it will be very fitting to have the organizations join in this evening.

Tickets for the supper will be 50c., and the programme will be followed by a dance to which members and partners of all of the above mentioned bodies are invited. Let Ray Wolf know as soon as possible if you are going to attend.

News Notes

Jesse H. Wilde and J. Wm. Evans of the Irrigation District were in Calgary the first part of the week on irrigation matters.

Macleod is having a three day Shopping Festival this weekend. These Festivals seem to be gaining in popularity through out the Province.

What with the Bank Loans for home improvement and the fires that one reads of in almost every daily, the building trade should have quite an influx this coming winter.

Fire of unknown origin last Saturday afternoon destroyed a new auditorium at the Western Canada High School in Calgary with a loss of \$30,000. The auditorium was only completed last fall.

Chairman F. B. Rolfsen and A. E. Pawns were in Wrentham and Warner on Tuesday on matters in connection with the irrigation system and proposed water south of Raymond.

Bert Coombs Again Heads Local Legion

The regular luncheon and meeting of the Vets was held Wednesday evening, Nov. 11th in the Club Cafe with 22 present. The banquet was thoroughly enjoyed by all the men present, which included two visitors.

After the meal the business of the meeting was carried on, the President's report and financial statement being presented, the latter showing the organization in good condition.

Last year's officers were again elected as follows: President—B. J. Coombs, Vice Pres.—Frank R. Taylor

Quarterly Conference Held in Raymond

WEDDING BELLS

HOLT — THOMPSON

The wedding was solemnized at the Temple Wednesday morning last, of Murray, son of Mr. and Mrs. F.T. Holt, and Vella, daughter of Mr. and Mrs. Geo. Thompson of Magrath. President Edw. J. Wood performed the ceremony in the presence of parents and relatives of both bride and groom.

The best wishes of the community are extended to the bride and groom for a long and happy married life. They will make their home in Raymond, where the groom is engaged with his brothers in the retail butcher business.

LOCAL HUNTERS GET DEER

Leaving Raymond early Monday morning, T. Geo. Wood and son Robert, and A. H. Zabriskie drove into the Gap country, 35 miles north of Lundbreck on their annual big game hunt. When they arrived at the trapper's cabin, Lambert who was already there had breakfast ready for them, which after the four hour drive was very appetizing.

Snowfall to date had been light, and it had not brought the bucks out of the high plateau, so the hunting was difficult. However, Arnold managed to get one which they are all enjoying. The other two trailed one and got a shot at him, but the distance, with the excitement of the hunt, was against them, and they missed their quarry, although they had a wonderful time.

Mr. Wood & son and Arnold, returned home Wednesday evening, arriving here about 10:30 but Lambert decided to stay in a few days longer and scout the mountains, which he loves so well, a little longer.

NEWS NOTES

G. S. Brewerton, Cardston, was in town today.

You should act now on the Subscription Clubbing offer. We do not know how long this liberal and stupendous offer will be held open.

C. C. Planche and Paul Witlock of the Calgary Power Co., were visitors here Thursday, as was also Don Robertson, the District Manager from Magrath.

With Carnival time approaching the Ticket Sale is being pushed now, and this year for the first time a large number of books are being mailed out to individuals, the Carnival officials hoping these small books of tickets will be sold.

MRS. ETHEL TOLLESTRUP HONORED

To honor Mrs. Ethel Tollestrup who expects to be leaving Raymond soon, the "Bon Ami" Club entertained at a luncheon and bridge party at the home of Mrs. Frank Leavitt. Covers were laid for twelve at a table centered with brouse spray "mums" and yellow tapers. After lunch Mrs. Jennie Allen, as Chairman of the Club, presented the honoured guest with a farewell gift.

Bridge honours were won by Mrs. Della Jackson.

The town will certainly be sorry to say good-bye to such old friends and good citizens.

Quarterly Conference convened last week, sessions for officers of the Mutuals and Relief Society organizations commenced Friday night and continued Saturday. The first general meeting was held Sunday morning at 10 a.m. when Hober F. Allen of the Stake Presidency took charge and the Relief Society of the Stake furnished the program which included talks by Allie R. Jensen, Stake president of the Relief Society, Mrs. H. S. Taylor of the Stake Board and Mrs. Donna Sorensen of the General Board of Salt Lake City. The singing mothers of Magrath and the Raymond 2nd Ward also contributed choruses.

Melvin T. King of the Stake Presidency presided at the afternoon session when the church and Stake officials were presented by Stake Clerk I. B. Roberts and were unanimously sustained. Brief talks were made by Elders C. L. Allred and L. G. Sorenson, reporting their week's labors in Cutts and Sweet Grass, in Company with Elders Marion Bingham and Isaac B. Roberts. The people had received them in most instances and they had greatly enjoyed their labors.

Mrs. Donna Sorensen and Mrs. Tingev of the Relief Society and Y.M.M.I.A. boards both spoke and expressed their appreciation of the opportunity afforded them of visiting the Canadian Stakes. They bore a strong testimony to the truthfulness of the work, and complimented the local people on the splendid work they were accomplishing in these Canadian Stakes.

Pres. T. Geo. Wood reported the conditions of the Stake, and was pleased with the progress and advancement noted from the reports during the last six months. He plead for unity on the part of the people, and stated that if we would unite in the things we undertook that success was assured. Speaking to the missionaries he reminded them that their responsibility was to preach the gospel and keep out of unsavory arguments.

The concluding speaker was Elder W. O. Robinson of the Y.M.M.I.A. board who spoke of the power of speech, and the fact that most of our actions were imitations, and cited the babe learning to talk from imitating sounds and connecting them with the objects they represented. He also stated that carelessness in our speech caused many heartaches, even when the cause of them intended no harm. The value of birthright was also stressed and he stated that the three most important things in a person's life were tradition, environment and instruction and education.

The evening meeting was under the direction of the Stake Y.M.M.I.A. and F. D. Merrill first assistant conducted. The three visitors all spoke after the Stake officers had given a report on conditions in the Stake.

The Stake Choir under the direction of Wm. C. Store was present Sunday afternoon and evening, and gave splendid programs of choir and solo numbers which were greatly appreciated by the audience and favorably commented on by the visiting delegates from Salt Lake City.

Nearly all local school teachers attended Convention in Lethbridge this week.

AN APPRECIATION

We think it quite fitting this week to voice our appreciation and we feel that in it we are voicing the appreciation of the district, for the labors of Dr. Leech in our midst during the eight or nine years of his residence here.

Aside from his professional practice he has been active and willing in the various organizations of the Town, having labored as President of the Board of Trade, Veterans Club, Athletic Association, and is serving now as President of the Rotary, Outpost. His executive ability has always been at the

service of the Town and district and the years that he was President of the Athletic Association, his professional knowledge was also thrown in for good measure in training and keeping the boys fit, especially the Union Jack basketballers on their trip to Winnipeg, when the Doctor accompanied them.

True there have been misunderstandings amongst the Doctor and members of the community. This is to be expected. But all in all, his sojourn here has been pleasant to all concerned, and we hope to the Doctor. In his expected departure Raymond will lose a booster for sport, a home builder and a good citizen and we hope he will have success in his future location as he has here, and that he will always have fond remembrances of his sojourn and friendships formed in Raymond, the sugar city of Alberta.

HEALTH

WHAT YOU SHOULD KNOW ABOUT A WELL-BALANCED DIET

Beware of fads and fancies. Eat the essential foods. Chew your food. Eat slowly; don't bolt your victuals. Leave the table without being completely satisfied. Don't try to brace yourself against the daily task by means of stimulants.

A well-balanced diet comprises a reasonable amount of the essential foods. These are meat, eggs, milk, fish, vegetables and fruit. If in health you follow this direction, you may ignore the talk about vitamins, calories, carbohydrates, proteins and the like.

In infancy, the best food is mother's milk. Next to this is cow's milk modified by the addition of boiled water and granulated white sugar, according to age. The milk invariably should be pasteurised. If the milkman does not pasteurise his supply, drop him and buy from someone who can be trusted to do this properly or, in the small town or country, where pasteurised milk is unobtainable, pasteurise milk in a double boiler by heating it to 145 degrees F., keep in it at this temperature for half an hour and then cooling to 40 degrees, at which temperature it must be kept until used. Cod liver oil is essential to the well

being of infants during fall, spring and winter. Orange or other fruit juices should be given to the babies from the third month until one year. At six to nine months a small portion of well-cooked cereal may be advantageously allowed and from the tenth to the twelfth month some clear soup. In both these periods soft, or hard boiled yolk of egg may be given.

What is the rationale of this body builders. Milk and eggs feeding? Meat and fish are also body builders and the latter contains the fat that fills up the wrinkles and aids in maintaining the heat of the body. Vegetables along with fruits supply the mineral elements and the latter contain sugar, a source of energy.

The character and quantities of food vary in the presence of disease. Thus for example, the diabetic must cut his sugars and starches; the person with anemia, especially of the pernicious type must take liver, kidney, the lining of stomach or liver extract. Your doctor will be able to designate the diet suited to your needs.

The pregnant woman is best on a normal diet suited to her condition in life. In addition, she should have cod-liver oil and seafish, the latter twice a week. If she is anaemic as many pregnant women are, she will require appropriate medicine from her doctor.

The tuberculous need a very nutritious diet. The overweight person should gradually cut his diet especially in sugars, starches and fats, take more exercise and avoid alcohol.

A very good line of food for the ordinary man is as follows: A glass of water on rising, at 11:00 a.m. and 5:00 p.m.

Breakfast—Cereal or eggs. Cocoa, weak tea or coffee or chocolate. Toast or bread and butter. Fruit.

Luncheon—Meat (steak, chops, chicken, fish). Green vegetables or potatoes. Bread and butter. Light dessert (fruit or plain cake).

Dinner—Meat or fish, Potato Vegetable Salad, Bread and butter. Light dessert as above. Macaroni or spaghetti may be substituted for potato.

Alcoholic liquors do not properly enter into the diet of the average man. Usually there is no objection to the use of weak tea or coffee at meals.

Your doctor can guide you in matters of diet and you should let him do so especially if you are not getting the best results from the food you eat.

Questions concerning health, addressed to the Canadian Medical Association, 184 College St. Toronto, will be answered personally by letter.

NEWS NOTES

What about a Shopping Day or Carnival for Raymond. Other towns are reporting a great success in these events.

Hogs slipped again last week when bacon was quoted at \$6.40 and butchers at \$5.90.

Mr. and Mrs. Warren Porter spent Wednesday Remembrance Day, with relatives and friends in Medicine Hat.

Remember your friends at Christmas time. Beautiful cards from 5c up and in any quantity you desire.

The school kids were rejoicing this week with three holidays in one week. Wednesday was Trinitist Day, and Thursday and Friday the Teacher's Convention was in session in Lethbridge. No wonder the kids enjoyed it all.

WEEKLY LETTER

SKIM MILK IN THE POULTRY RATION

The season of the year has now arrived when the majority of this year's pullets are in production or very nearly in production and if this is not the case with the individual flock, it is an indication that the birds were hatched too late or that the feed for development and growth has not been satisfactory. This Station as well as other experimental institutions have found that birds hatched during the latter part of March, April and the early part of May, are most easily developed to come into production at the proper season of the year. Of course proper feeding of the birds is as essential as a proper hatching date.

So much has been said and written regarding the feeding of poultry during the last few years that it seems unnecessary to continue to bombard poultry producers with such information. However, judging from the numerous letters which we have been receiving during the last two or three weeks it is apparent that a large number of producers, in many cases new people in the business, are still seeking information regarding the proper feeding methods and most satisfactory rations.

There is no doubt that the feeds found on the average farm constitute very satisfactory ingredients in the poultry ration but it should be equally apparent that these feeds are not sufficient in themselves. By this we refer particularly to the protein and mineral supplements in the rations and these are two very important parts of any poultry ration. The three cereals

oats, barley and wheat, can be made the base of any ration for pullets in production but only high quality grain should be used and by this term we refer especially to well-filled grains.

In every ration should be found items such as meat scrap, fish meal or milk powder. The only possible exception being where an unlimited amount of skim milk is available on the farm and even in this case it will usually be advisable to add a small amount of one of the other protein supplements. Skim milk has only about 10 per cent of dry matter and of this only 36½ per cent is digestible protein so that it can be readily seen that a gallon of skim milk contains only approximately one third of a pound of digestible protein. Therefore, in order for the birds to obtain the amount of protein necessary for

body maintenance and egg production a relatively large amount of skim milk must be consumed every day. In practice it has been found difficult in most cases to get the birds to consume a sufficient amount of skim milk to take care of this requirement. One method of inducing consumption of the milk is to withhold water from the birds and by so doing, particularly in warmer weather, it may be possible that the birds will consume sufficient of the milk. In cooler weather this is rather doubtful.

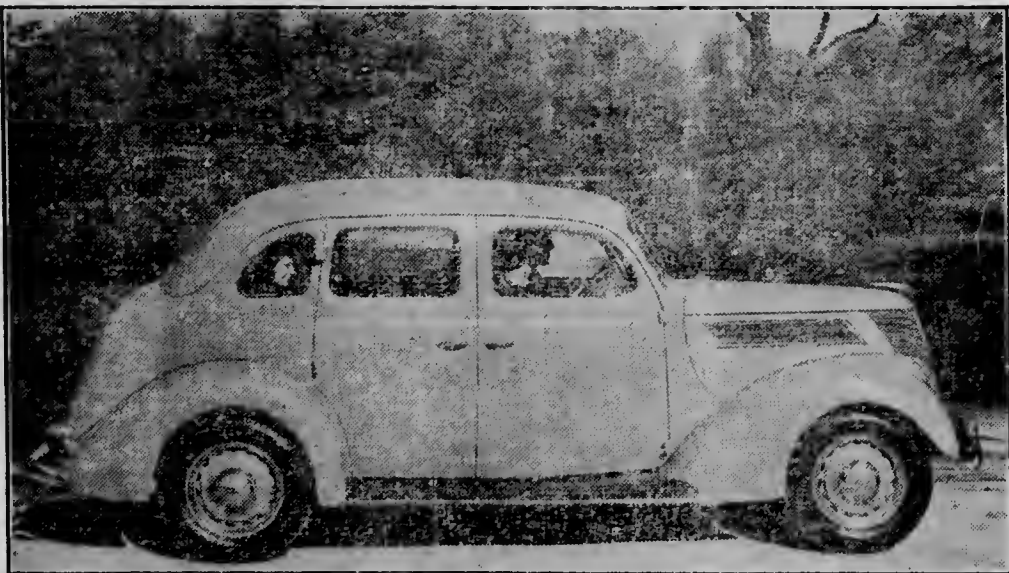

It may be added for the guidance of poultry feeders that in order to provide the required amount of protein skim milk must be consumed at the rate of not less than one and one half gallon per hundred birds per day. If this much is not consumed then protein supplement in some other form must be applied to provide the requirements for egg production.

Further information regarding poultry feeding may be obtained by writing to the Experimental Station.

School teachers were thronging the streets Thursday morning arranging transportation to and from the Convention in Lethbridge, which is being held Thursday and Friday.

Local irrigation officials attended a Monday night meeting in Stirling.

You can leave worry and doubts behind when you come to Vancouver, for at Hotel Grosvenor there is everything for your convenience—central location, quietude, a famous dining room, a great lounge, writing and smoking rooms—but no bar or other questionable feature. Personally supervised by the owner.

A REGULARLY INVITED GUEST

(By John Edwin Price)
Should you decide that you would select some person to be a regular visitor to your home each week, you would want to be quite sure in advance that his influence would be good. You would be especially particular were it necessary to choose from a group of talkative gentlemen of world wide experiences, you would want one whose stories of fact and fiction would be uplifting for the young people and wholesomely entertaining and instructive.

The editor of your local news paper realizes this. He knows also that the tone of this visitor whose character he determines is going to have a considerable effect for good or ill upon the entire community.

While the elements which go into the making up of the character of this visitor must include all, or nearly all, of human experience he endeavors to spotlight the good and minimize the evil.

He would send no scandal monger into the intimate relations of your family circle. His visitor while acquainted with viciousness and grief would bring to your attention the evil only to warn you and the good he has encountered to encourage you.

If you like this weekly visitor tell his sponsor so. If you think he talks too much about this and too little about that, tell him so.

Possibly you and he together can improve the manners, appearance, thought and effectiveness of this visitor who weekly appears in our family group. Of course you will not expect the impossible and will remember that others are also trying to improve on the visitor's character.

Be sure of this; the editor is intensely interested to see to it that the stories that are told, the facts related and the ideas set forth are such that will make for a brighter, cleaner, better and greater community.

F. B. Rolfsen and S. I. May left today for Edmonton to see the Provincial Government in respect to the storage project south of town.

PROTECT YOUR HARD EARNED SAVINGS

In Alberta and throughout Canada, life insurance policyholders and beneficiaries should realize the menace to their own and the national welfare that lies in extreme and unjust legislation.

These policyholders represent 50 per cent of the electors—federal and provincial. Through the institution of life insurance they have so pooled their resources that their collective interest can withstand attacks that would bring financial disaster to the individual.

Despite war, epidemic, panic and depression, life insurance has met every policy obligation promptly and in full.

Despite the financial disturbance for the past six years, it has distributed and continues to distribute, to its policyholders and beneficiaries, over \$500,000 every working day.

Seventy five per cent of this money has been, and continues to be, paid to living policyholders; the balance to the beneficiaries.

Life insurance is the greatest co-operative business in Canada. No one doubts its strength and stability. No one questions the prudent and intelligent direction of its affairs.

It is the guardian of the hard earned savings of 3,500,000 men and women in all walks of life.

Today there are forces in Canada that menace the welfare of these people. These forces would penalize their savings and impair their investments thru legislation which cancels public and private debts—regardless of the debtor's ability to pay—and which tends to destroy the ownership of public and private property.

The interests of life insurance policyholders and beneficiaries as of all other citizens whose savings are invested in one form or another in Canada—demand that promises to pay be observed, when the debtor is able to pay; that hard-earned savings which safeguard the homes and families of the Dominion be protected from unjust legislation.

NEWS NOTES

'Fighting Joe' Clarke was elected for another term in Edmonton's voting Thursday for their Mayor.

Former Premier Ramsay MacDonald fainted Monday evening in London while attending a banquet in honor of the new Lord Mayor of London. He recovered and was feeling pretty much himself Tuesday forenoon.

John H. Blackmore, M. P. is home from a speaking tour in Saskatchewan and Manitoba and declares that interest in Social Credit is steadily spreading. He has an invitation to return to Sask. in the near future.

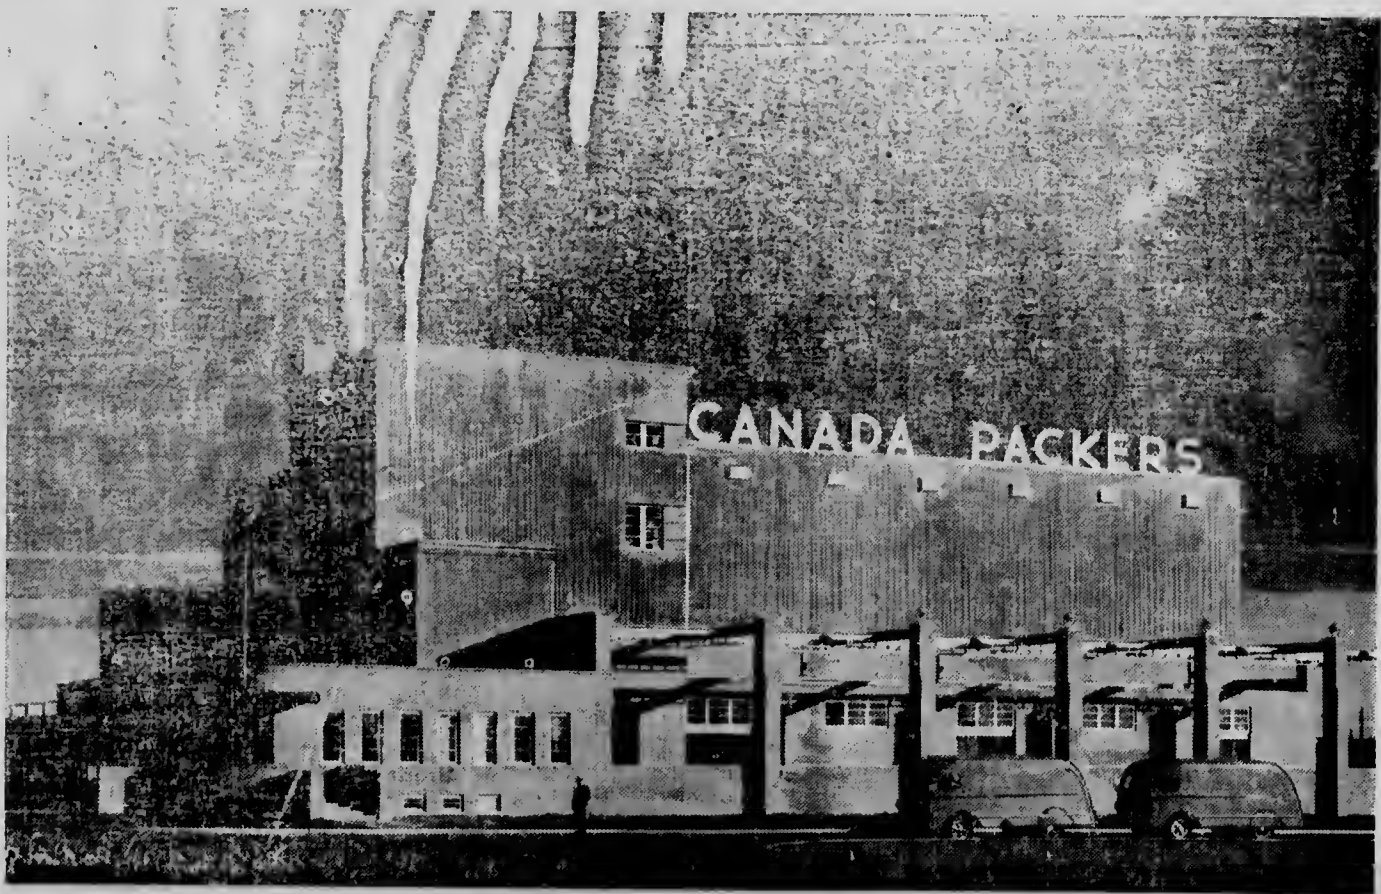

Magrath First Ward held an Auction Sale, Supper and Dance last Friday night to raise funds to finish their Chapel. Good patronage was reported in all departments.

The new 1937 cars are the centre of quite a lot of interest these days. The shape of all cars now is practically the same, and steel roof and hydraulic brakes are being rapidly adopted by all manufacturers.

Come in and see our boxed Xmas Cards. We have boxes of 21 Cards at \$1.50 a box blank, or \$2.50 per box printed. A lovely variety and various greetings. Also dozs, or any number you want printed or blank. Call in now and avoid disappointment. Delivery whenever you choose. The Recorder.

The "Queen Mary" was battered by heavy seas in her week end crossing from New York to Liverpool, and was late, made late because she was searching for the motor boat "Isis" which entirely disappeared, crew, lifeboats and all in the midst of a 60 mile an hour gale about 200 miles east of the southern tip of England.

CANADA PACKERS' \$1,000,000.00 PLANT OFFICIALLY OPENED

The new million dollar packing house, erected last summer in Edmonton, Alberta, by Canada Packers, Limited, was officially opened on Wednesday, Nov. 4th, by Mayor Jos. A. Clarke, K.C., in the presence of over five hundred invited guests, including members of the Alberta cabinet, Deputy Ministers, civic officials, herds of most of the livestock organizations of Alberta and representatives of the Wholesale and Retail meat trade and other distinguished visitors.

Speakers at the opening ceremony, which was staged in the

enclosed loading platform of the Plant, were Premier William Aberhart; R. A. Wright, President of Western Canada Livestock Union; Hon. Senator Arthur Meighen and J. S. McLean, President of Canada Packers Limited.

The Plant is an outstanding example of what can be done in an industrial building to combine pleasing appearance with utility and efficiency. It is well equipped with the most modern machinery and will have a killing capacity of 4,500 hogs each week, besides cattle, sheep and

lambs. All speakers at the official opening ceremonies congratulated Canada Packers upon their wisdom in establishing so fine a packing plant in Alberta. Mr. McLean stated it as his conviction that Alberta, which already stands second in hog production amongst the provinces of the Dominion, will within a short time stand first. "When this expectation is realized," he said, "all the packing house facilities in Edmonton, including Canada Packers', will be less than sufficient to handle the hogs."

After the close of the opening ceremonies, the plant was then thrown open to the public and was viewed with interest by the thousands of visitors from Edmonton and surrounding points. The erection of this important plant at this time is concrete evidence of the faith of Canada Packers Limited in the future of Alberta, and of the West in general. It also gives to the livestock producers of Western Canada further access to the markets of Eastern Canada and of Europe, which are served extensively by Canada Packers Limited.
